### Natural Resource Projects & Practices ➤ Forest Restoration

The 2015 Clearwater Complex Fire burned 11,118 acres in Lewis County. This project will focus on ESA listed, Class 1 critical habitat watersheds.

*No Key Photo provided*

Landscape scale restoration will restore hydrologic condition, healthy forests and ESA habitat. The project seeks to increase forest resiliency to disease, weed invasion, and fire at a landscape scale and across ownerships. Additionally, it will achieve a greater return on investment by providing improved habitat for wildlife.
